CLASS V - SOCIAL SCIENCE

MASS COMMUNICATION

In a unique learning experience, students delved into the world of journalism by creating their own newspapers. These vibrant publications featured a diverse range of sections, including weather reports, insightful current affairs, exciting sports news, and engaging entertainment features, providing students with valuable skills in research, writing, and presentation.

CLASS VI A - SCIENCE

AIR POLLUTION

"As Benjamin Franklin aptly stated, 'Tell me and I forget. Teach me and I remember. Involve me and I learn.' Through active participation in this experiential learning activity, students gained first-hand knowledge about the impact of air pollution on the global system and explored effective ways to mitigate its effects."

FAREWELL PARTY

7 February, 2025

The Class XII Rockfordians celebrated their farewell, marking the culmination of their school journey. The day was a kaleidoscope of emotions, filled with dance performances and joyous activities creating cherished memories with their beloved teachers. Mr. Varadarajan, the Chairman, offered words of wisdom and encouragement, inspiring the students to embrace the challenges and opportunities that lie ahead.

With beaming smiles, we Rockfordians watched our students spread their wings, ready to soar to new heights, their futures painted with a vibrant palette of possibilities.

ROCKFORD SENIOR SECONDARY SCHOOL HAS TEAMED UP WITH THE RENOWNED SANKARA EYE HOSPITAL, COIMBATORE TO OFFER A REMARKABLE FREE EYE CAMP ON OUR CAMPUS TODAY, FEBRUARY 9TH. THIS IS AN EXCEPTIONAL CHANCE FOR STUDENTS, PARENTS, AND THE WIDER COMMUNITY TO BENEFIT FROM EXPERT EYE CARE. WE SHOULD NOT MISS SUCH OPPORTUNITY TO SAFEGUARD OUR VISION AND ENSURE A BRIGHTER FUTURE!

"I learned manythings about data.. I learned to design Bar graphs in attractive way.. It is a joyful experience."
THAARANI M S, VIII

The Story of Ira Singhal

FIRST VISUALLY IMPAIRED WOMEN IAS OFFICER

(2014)

Ira Singhal, a visually impaired woman, achieved the remarkable feat of becoming the first visually impaired woman to crack the prestigious Indian Administrative Service (IAS) exam.

Born with a rare eye condition that gradually deteriorated her vision, Ira faced numerous challenges throughout her life. Despite the limitations imposed by her disability, she never let it deter her from pursuing her dreams.

She excelled academically, securing a degree in Economics from Lady Shri Ram College for Women in Delhi. However, her passion lay in serving her country, and she set her sights on the IAS exam.

The challenges were immense. Reading voluminous textbooks, navigating complex legal documents, and taking lengthy exams presented significant hurdles. But Ira, with unwavering determination and a strong support system, overcame every obstacle. She meticulously prepared for the exam, relying on assistive technologies like screen readers and the help of scribes.

Her journey was not without its setbacks. She faced numerous rejections and endured countless hours of hard work and perseverance. However, Ira never lost hope. She believed in her abilities and continued to strive towards her goal. Finally, her hard work paid off. In 2014, Ira Singhal cracked the IAS exam, making history and inspiring millions across the country. Her achievement shattered the myth that disabilities can limit one's potential.

Ira Singhal's story is a testament to the power of human will, resilience, and determination. It serves as an inspiration to everyone, reminding us that with dedication and perseverance, we can overcome any obstacle and achieve our dreams, regardless of the challenges we face.

This story exemplifies the values of hard work, resilience, and breaking barriers. It encourages us to believe in ourselves and strive for our goals, no matter what challenges may come our way.
